

## **EXTRACTOR RESERVATION FORM**

Extracting equipment is available to all CABA members. When you reserve the equipment, you will receive the following: a stainless steel 4 frame manual extractor, one bucket with a gate for bottling, an electric knife, a scratcher, and a capping drain bucket.

It is suggested that you have bottles on hand, or a food grade bucket to store your honey so the equipment can be used and returned in a timely fashion.

### **Procedure to Reserve:**

**Contact one of the volunteers listed below to coordinate pick-up:**

East Shore - Elyse & Devon Alleman  
theallemanapiary@gmail.com  
717-379-3248

West Shore - Marisol Barios-Moyer  
fucial@gmail.com  
717-983-8893

**Print this form and complete requested information.**
